

Oliver Victor

Oliver.victor1997@outlook.com

0419644619

Geologist with experience in greenfields and brownfields exploration across a range of commodities in Far North Queensland. Holds working rights in Australia. Based in Cairns, able to relocate.

Experience

Exploration Geologist, Laramide Resources, NW QLD – U, Au

April 2024 – October 2024

Short term casual contract working on the flagship Westmoreland Uranium project. Responsible for RC and diamond drilling supervision, logging, sampling and sample dispatching.

Contract Geologist, EMU NL, Georgetown, QLD – Au, Cu, Ag

April 2024 – May 2024

Short – Term contract for follow-up work on the company's Fiery Creek Cu porphyry project, originally discovered in previous year's fieldwork.

Exploration Geologist, True North Copper, Cloncurry, QLD – Cu, Au, Co

July 2023 – April 2024

Responsible for designing and executing regional exploration at the company's tenements in Cloncurry, NW QLD. Also responsible for supervising grade control RC drilling at near-production projects. Use of Micromine and QGIS. Contributed to annual tenement reporting.

Contract Geologist, EMU NL, Georgetown, QLD, Australia – Au, Ag, Cu, Pb, Li, REE, U

June 2023 – August 2023

Reconnaissance at EMU's newly acquired Georgetown Tenements. This included a desktop study, prospectivity analysis, and determining access routes throughout the property. This was followed by extensive reconnaissance field investigations.

Contract Geologist, Plethora Mining, Croydon, QLD, Australia - Au

June 2022 – June 2023

Responsible for fieldwork and reporting, including drill site scoping and drill contractor supervision.

Contract Geologist, Thunderstruck Resources, Fiji – Au, Ag, Zn, Cu

June 2021 – June 2022

Very early-stage geological exploration projects on the company's 4 properties in Fiji.

Education

2018-2019: Camborne School of Mines - University of Exeter

MSc Mining Geology (Graduation with Merit)

MSc Thesis Project: Epithermal Gold Mineralization at Liwa Creek Prospect, Fiji.

Thesis supported by Thunderstruck Resources Ltd.

2015-2018: Royal Holloway, University of London

BSc Geology (2:1)

Relevant Skills

Greenfields Exploration Project Planning and Execution: Aware of mindset and practical skills required to succeed in a greenfields environment, with the majority of my career being in this setting. Experienced in designing soil sampling and lithological mapping campaigns, including orientation studies. Have planned initial exploration campaigns in Georgetown, considering both geological and logistical factors, eg; contacting landholders for initial meetings.

Lithological Mapping: 3 Years experience in planning and conducting mapping campaigns in Australia and Fiji. Have designed custom QField projects for easy and effective data capture, whilst also recognizing the value of mapping using physical media.

Drill Rig Operations: 2 Years experience in drilling operations, supervising contractors, scoping drill pads, logging core / chips, core cutting, sampling RC bags, dispatching and supervising remediation.

Safety: Experienced in following safety protocols to ensure a safe working environment for all. Consistently ensures that contractors are following both site-specific and general safety requirements.

Technical Writing: Skilled at report writing and creating figures for a variety of audiences, including technical and non-technical management, investors and stakeholders. **Portfolio of publicly available / independently produced work available on request.**

Deposit-Type Experience: Cu-Au Porphyry; Intermediate-sulphidation epithermal Au; VMS Zn,Cu; Mesothermal Au; Orogenic/Deep Intrusive related Au; Cornish-type Sn, Cu & W; IOCG; Uranium.

Other Skills and Information

Software Proficiency: Datamine; ArcGIS; QGIS; IoGAS; Microsoft Office; Micromine.

Languages: English (Fluent); Spanish (Fluent).

Certifications: Manual Driving License; pXRF certification (IMDEX).

Fieldcraft: Fieldwork experience in dense tropical jungle (Fiji) and hot, arid environments (Queensland, Australia). Offroad experience with manual, 4-wheel drive cars.

Working Rights: Full rights in Australia.

Professional Memberships:

- Society of Economic Geologists (920049)
- London Geological Society (0001043545)
- Australian Institute of Geoscientists (8428)
